## Summary

I'm a passionate Frontend Developer specialized in React, experienced in building modern, responsive, and user-friendly web applications. Skilled in JavaScript, React, and Tailwind CSS with a strong focus on clean UI/UX reusable components, and performance optimization. Passionate about learning new technologies and delivering high-quality digital solutions.

## Featured Project

### ● Share Your Emotion (SYE) Social Media Platform

Bootstrap

React js

Tailwind Css

Redux Toolkit

Node js

Developed a social media platform using React, Tailwind CSS, and Redux Toolkit. Implemented core features such as post creation, friend request system, live posts, and real-time search functionality to enhance user interaction

### ● More Challenges

- Live Search Functionality
- User and email verification and re-authorization
- Secure code generation
- Live profile picture upload
- Real-time notifications
- Responsive design
